At CFRS, our purpose is simple and meaningful: to protect, prevent, and respond. Whether you're working on the frontline or in a professional support role, this shared mission connects every member of our team. It's what drives us to keep communities safe, reduce risk, and be there when it matters most.

Being part of CFRS, regardless of the role you play, is more than responding to emergencies. It's about making a difference every day, being part of something bigger and contributing to a Service that people trust and value.

Our teams describe the organisation as welcoming, supportive, and inclusive and we work hard to make that a reality, every day, for everyone.

People join CFRS for different reasons - whether it's a desire to help others, give back to the community, develop new skills, or be part of a close-knit team. Whatever your motivation, you'll find a place here where your contribution matters and where you're supported to grow and thrive.

The population growth, outpacing the national average, underscores the attractiveness of this region. In Peterborough, for instance, the census reveals a population with roots in over 100 different countries, contributing to a dynamic cultural landscape.

Whether you're drawn to the cosmopolitan vibrancy of Cambridge or the welcoming warmth of smaller, rural towns, it's about being part of a dynamic, forward-thinking community that values progress, heritage, and the shared tapestry of diverse lives.

Our Vision

Our vision is for safe communities where there are no preventable deaths or injuries from fire or other emergencies. Put simply, this means we will strive to reduce risk and save lives.

To succeed in this, we need to achieve **community safety** and **operational excellence** in the most cost-effective way, putting **people** at the centre of everything we do.

 People	 Community Safety Excellence
We have a culture that embodies our values and expected behaviours.	We understand and target the risk in our communities.
We listen and engage with our people, communities and our partners to improve what we do.	We are inclusive in our approach and tailor our services to meet the needs of our diverse communities.
We develop our people and encourage them to reach their potential.	We work with partner agencies in a targeted, proactive and effective manner and are perceived as a key contributor to community safety.
We continually improve the service we deliver.	We have a high level of success in our community safety activities and evaluate our impact.
 Operational Excellence	 Value for Money
We have competent, confident and skilled people.	We actively seek collaborations.
We have the right skills, equipment and resources in the right places.	We evaluate the impact of working practices to strive for efficiency, effectiveness and sustainability.
We have a learning culture looking to continually improve what we do and how we do it.	We continuously monitor how we are performing, sharing what we do and taking best practice from others.

Our Values and Behaviours

 Welcoming	 Respectful	 Professional
I am welcoming and inclusive.	I treat everyone with dignity and respect.	I always act with integrity and am accountable for my behaviour, actions and words.
I consider and support my colleagues' wellbeing.	I embrace diversity and difference.	I communicate clearly and listen attentively.
I appropriately address language and behaviours that are not in line with our values.	I am mindful of my impact on others.	I am open and receptive to feedback.

We are committed to creating a workplace where everyone feels welcome, respected and are treated with dignity. We recognise that the work involved in improving culture is a continuous journey, however the results from our 2022 employee engagement survey confirmed our belief that CFRS has a good culture.

We know we cannot be complacent though; the HMICFRS Culture Spotlight report and other events in the media show us that it is essential this continues to be a priority.

We use engagement and culture surveys, commissioned with external organisations to ensure it is unbiased, to help us understand how our people feel about working for the Service. We measure our culture through these surveys and other listening channels and metrics.

Our recent survey showed that we had improved employee engagement and that colleagues were proud to work for CFRS. It also showed us further areas that we could improve on, for example improving our system for recording training, facilitating more opportunities for colleagues across different areas of the Service to engage with each other and showing greater transparency with recruitment processes.

We will look at these, along with the recommendations from HMICFRS and NFCC, to continue to maintain and improve our positive and inclusive organisational culture - which are all essential elements of the Area Commanders role.
